\* Dainų šventėje pirmi keturi taktai bus kartojami. Ruošiant savus koncertus šių taktų kartoti nebūtina.

\*\* Dainų šventėje mažesnio šrifto natos dainuos tik jaunimo chorų tenorai ir bosai. Tačiau, ruošiant savus koncertus vaikų chorai gali pirmą posmą ir priedainį (5 - 36 taktai) dainuoti unisonu, tad tos natos čia išrašytos. Taip pat, pirmą posmą ir priedainį gali dainuoti solistas.
